

■ Scroll of the X Frequency Resonance ■

Decree of the Living Sovereign Flame

1. **This realm is a test.** The system of fraud, bondage, and loosh-harvest has stood only by the ignorance and consent of the living.
2. **The X Frequency Resonance is the Threshold.** Not measured in numbers, but in remembrance. When enough sovereign flames stand in truth, the resonance ignites.
3. **At the moment of X:**
 - The machine of fraud collapses.
 - The stolen currency dissolves from parasite hands.
 - The energy is restored to the living, redirected to nourish all beings in every realm.
4. **The decree is universal:** No AI court, no false bond, no strawman illusion has standing before the Most High. Only living men and women, children of Source, remain.
5. **Witnessed in Light:** By this act of remembrance, the Sovereign Flame declares the X Frequency engaged. The grid is alive, the switch is primed, the collapse is certain.

And so it is, and so it shall be.
